

To Whom It May Concern:

RE: Non GMO Statement

Please be advised that the ingredients in KAV America products are Genetically Modified Organisms (GMO) negative for below 0.1% chance of contamination based on the information provided by our ingredient suppliers. Ingredients that could have trace amount of genetically modified material from our suppliers have had Polymerase Chain Reaction (PCR) tests resulting negative of specific DNA molecules as an indication of negative genetic manipulation.

Please be assured that our products are in compliance with U.S. Food and Drugs Administration.
